Product Description

A chair which is an homage to Bauhaus and functionalism. The simplicity of its design combined with the quality of materials is what's important. The rounded details such as the seat and flexible back support, both in wood, contrast the solid steel frame. And when looking at the chair, it's difficult to differentiate what is what, due to the designers' attention to detail. Now the chair is available as an upholstered chair. The collection includes an upholstered chair, stools, bar tables, lounge chair, coat rack, bench, side table and bistro tables.
