Product Description

The Algon Lounge Chair was developed together with the Algon Chair, melding Scandinavian simplicity with patterned quilted upholstery. Contrary to the Algon Chair, that has a strict formality, the Algon lounge chair has high sides, that allow for a sense of privacy, perfect for hushed late-night conversations or a solitary moment of respite. The armchair's frame is realized in molded polyurethane foam. The internal cover can be improved by a quilt, that offers a pleasant welcome sensation; the seat cushion is made by shaped polyurethane foam with differentiated density. The feet are available in metal lacquered in various colors. The Collection includes: high back, low back, quilted back or non-quilted back. Designed in 2016. Hand Made in Italy.
