Product Description

Sebastian Herkner wanted to create glass in a new way, something solid and unique. He is fascinated by cast glass. Compared with handblown glass elements, which have a specific wall thickness, Alwa tables have a tabletop made of 50 mm cast glass. The liquid glass is left in a special metal mold to solidify for several days. The air bubbles in the glass give each tabletop a unique character. The appearance mimics the aesthetic of water. Introduced in 2018. Handmade in Europe.

Product Attributes

Dimensions: 22"Diam. x 14"H**Color:** Glass Top & Base: Amber, Smoky Grey or Transparent.
