**Product Categories:** [Beds](#)

### Product Description

The slim painted metal base supports the padded frame, giving it this particular appeal. The design is strikingly simple yet with original details, including the sophisticated matching edge in the same color as the frame that emphasizes the perimeter of the headboard discretely. The headboard, with a wooden frame and polyurethane padding, is upholstered with fabric or leather and it is available in two different heights. The perfect partner for Amlet is the “To Be” bedroom furniture collection: drawer chest, bedside table, and highboy which recall the shapes and colors of the bed.
