Product Description

A funny game of shapes inspired by the 80s whose pieces are chairs, sofas, tables, and stools. In this collection designed by Maquespacio, the pieces transcend the material to become something emotionally attractive. A love triangle between round arcs, velvet, and soft colored metal. Metallic tube structure of 2.5 cm lacquered with epoxy paint in different colors. The sofa has armrests and backrest. Seat upholstered in velvet. The collection includes a sofa, armchair, chair table, stool, bar table, and shelving.
