Product Description

A modular element, unique yet capable of being joined with anything without limits, a three-dimensional representation of the symbol for infinity, born from the revolution of the symbol around its axis and at the same time a spatial macro image of a bipolar atomic link. Beyond dividing walls, with Ba_gigio elements, it's possible to create tables in different sizes with and without lights. Please inquire for all lighting specifications. Suitable for indoor/outdoor use. The collection includes: wall divider and coffee table. Designed in 2010. Made in Italy.
