## Product Description

The Beetle Counter Chair has, since its introduction in 2013, been well received by end-consumers as well as interior architects. Due to its appealing design, outstanding comfort and unique customization possibilities, the counter chair can be seen in many of the most renown restaurants around the world. The fully upholstered counter chair carries strong references to the design duo GamFratesi's inspirational source; the insect world, more specific the world of beetles. Not just the name indicates their inspiration, but also the characteristic elements of the beetles' sections have been

interpreted - shape, shells, sutures, rigid outside and soft inside. The height of the counter chair contributes to its light expression, which makes it blend into any interior naturally and with grace. The wide range of upholstery options and different bases make it possible to put your personal touch to the counter chair and create one of its kind. The stool is also available unupholstered Hi- Rek shell, seat upholstered or seat and back upholstered. The collection includes chairs, barstools, sofas, and lounge chair.

Note For Velvet Upholstery: No Ironing. Only Steaming. Steaming might be necessary to remove pressure marks due to hand upholstery.

## Product Attributes
