Product Description

BL lamp has been in continuous production since 1930. Winston Churchill is numbered amongst its many famous users. The BL design was conceived by Robert

Dudley Best who was highly influenced by the Bauhaus. Eighty years on, the Bestlite design stays close to its industrial roots and true to its original design. Bestlite is held in permanent collections at both the Victoria & Albert Museum and the Design Museum in London. Loved by architects, designers, and design aficionados through its 80-year history, today, BL enjoys global iconic status. The height is adjustable and the lamp can be tilted 90° from horizontal to vertical, the shade can also be rotated 360°. The lamp is available with hard-wired with switch on wall bracket or electrical cord with switch. Collection includes wall, table, pendant, and floor light.

Light Bulb: Max 40W-Incandescent or 28W Halogen or 4-6W LED, E12 socket(not included)

UL listed
