Product Description

The Bonsai Pouf is the perfect compliment to the Bonsai Sofa. These inviting, friendly shapes are reminiscent of the bushes and shrubs, found in gardens all over Japan, that have been cultivated and trimmed in order to create beautiful soft, 'organic', cloud-like shapes. In stark contrast, rectilinear wooden platforms supported on low, wooden legs elevate these rounded, upholstered forms above the floor plane. The upholstered seats in moulded polyurethane foam are also available with the platforms, realized in wood, painted wenge

, oak or chocolate, or supported on simple legs, in black metal.
