## Product Description

Asymmetrical and highly versatile modular table components. Brunch modules can be arranged together in a preferred manner thanks to a variety of available heights and central modules that combine in three directions. System of tables composed of a curved honeycomb board in several heights and two sizes. Top with thickness variation in various finishes. Metal leg and base matte chromed with adjustable feet for better stability. Accessories for tables: wall fixing plate, central top to connect three tables and column for cables. Suitable for contract/high traffic and residential

environments. Designed in 2012. Made in Italy.
