Product Description

Chest Cabinet is a contemporary, multifunctional furniture item. The top opens to reveal an interior that is divided into practical sections, with a push-to-open drawer below. Closed, the Chest Cabinet is a purist seating solution with unexpected inner features, ideal for storing shoes, accessories and everyday items neatly and conveniently. Thanks to its clear design, Chest Cabinet works well in any entrance area. It is available in a wide range of matt and high-gloss paint finishes. Practical and timeless.
