Product Description

The Circus Ring Light is a remarkable system of interconnected rings which can be arranged in sequence to create striking vertical decoration. Designed by Resident Studio, each brass ring projects an elegantly diffused warm LED light source outwards around a 360-degree plane.

The revolutionary plug and play system allows for power sharing between rings and a large range of variations to suit spaces of various shapes and sizes. Circus is a theatrical and truly flexible system ideal for commercial and residential environments.

Circus pendant can be produced with 6 rings for the Circus 500 and 4 rings maximum for the Circus 750.
