

Club Mirror/Stand

Product Categories: [Mirrors](#)

Product Page: <https://propertyfurniture.com/product/club-mirror-stand/>

Product Description

The Club Mirror / Stand holder quite literally has two sides to it. On the one hand, there is the free-standing, full-length mirror for a last-minute check before you leave the house; on the other, behind the mirror, is the integrated coat stand. CLUB is the ideal, space-saving, two-in-one solution, even for compact hallways and entrance areas. Its robust solid wood frame is made of open-grain, varnished oak or oiled, natural oak or walnut. Alternatively, there is a wide choice of matte paint finishes. The back of the mirror is finished to match the frame. And if you ever decide to use CLUB somewhere else, it is easy to move.

Product Attributes
