Product Description

Crash Boiserie is a system of panels with the diamond pattern that recalls the decoration of the Crash sideboard. Made of veneered panels. Upon request, we provide a multilayer wood counter-frame, to be wall-fixed, on which the decorative panels are hanged. With the counter-frame a cavity space is created, useful for the cables' passage and the wall ventilation, and also for an easy removing in case of any maintenance. Please inquire for size and finish customizations such as LED and flush to door panels. Hand made in Italy.
