Product Description

This new elegant and minimalistic bar table designed by Danish designers Hee Welling and Gudmundur Ludvik. The Bar table is made from laser cut aluminum, bent and welded together – simple, yet refined to blend in with any exterior or interior setting. It comes with a powder-coated surface in white RAL 9002 or Black. It requires a minimum of cleaning and maintenance. Cut high table is a strong choice for informal “get together” areas or at home on the terrace for those enjoying something different.
