Product Description

Futuristic and faceted, Cut is an exercise in optics. Its space-age mirror finish when off transforms into a translucent kaleidoscopic gem when on. Hypnotizing reflections repeat infinitely within the diamond cut, vacuum metalized interior. Produced in chrome and smoke finishes, small and long, pendant and surface - these are the latest adventures in our fascination with reflectivity, luminosity, and transparency.

Cluster for maximum effect. Pendant is supplied with a clear electrical cable.
Available as Pendant and Surface light. Please inquire for multi-light configurations.
