Product Description

The thin square top of Degree recalls a graduate's hat. It is one of the distinguishing features of this versatile multifunction object. Used as a small table or a storage unit, it comes in black or white rotation-moulded polypropylene: a strong, durable material that is unaltered by atmospheric agents and easy to clean. The top of Degree can be attached to the base or released with a simple rotating action. Three versions are available: all-white, all-black or two-tone.
