Product Description

A series of lights consists of a series of lacquered discs that float around a chromed semi-sphere. These discs act as layers that shield the light source, at the same time redirecting and reflecting the light onto the underlying discs. All of this combined results in a distinct and unique light, which fills and enriches space. 21 opaque discs made in molded ABS. The Collection includes: suspension, wall and ceiling lights.

Light Bulb: 2X E12 CFL 11W, 2X E12 Tyoe G16.5 60W or 2X E12 LED Type G16.5 5W(not included)
