

Fold Coatstand

Product Categories: [Coat Racks](#)

Product Page: <https://propertyfurniture.com/product/fold-coatstand/>

Product Description

From country house to city loft, FOLD is a collapsible coat stand that's at home just about anywhere. Mounted on a frame of solid walnut, the brushed stainless steel coat rails accommodate about a dozen coat hangers. The hand-crafted, saddle-stitched suspended tray in black leather is great for depositing accessories and shopping bags. Folded away, the coat holder is just 7 cm deep. But it tends to be in use all of the time. And on the odd occasion when it isn't, it looks good simply as it stands.
