Product Description

Hexagon is a modular system composed of two irregular hexagons supporting each other, which allows for the creation of endless compositions for every need. It can be used as a coffee table, side table or stool, both indoor and outdoor. It is available in okoumè wood. The latter, also known as Gaboon, is native of tropical West Africa, hence it withstands humidity and light rain. Hexagon is also available in Lecce stone for complete outdoor use. Designed in 2011. Handmade in Italy.
