Product Description

Sideboard made of wood, with drawers or doors, fronts sides made with an alternation of wood and burnished brass. This modulation makes its style very contemporary, sophisticated and visually relieves the whole cabinet. Furthermore, the same detail is used to embellish the base and, with the slim thickness of the case, strengthen its modern look. The version with doors is internally equipped with an extra clear tempered glass shelf per space. Please inquire for size and finish customizations. Hand made in Italy.
