Product Description

Two inverted cones, proportionally different dimensions, and a jewel that connects them. It's simple. With Icones, Lorenza Bozzoli challenges conventions and creates a balance, albeit apparently precarious, which gives this lamp a ``grand dame`` standing. The generous dimensions of the polycarbonate diffuser allow it to radiate the environment in a uniform and complete way. Light Bulb: 3xLED max 8W E27-220V. Designed in 2019. Handmade in Italy.
