

## Irving Sofa

**Product Categories:** [Sectional Sofas](#), [Sofas](#)

**Product Page:** <https://propertyfurniture.com/product/irving-sofa/>

### Product Description

Seating system distinguished by a solid and essential line; high from the ground, characterized by a bridge-shaped foot in aluminum cast that confers lightness and dynamism. A piping in the same fabric chosen for the cover gives a touch of elegance to the model. An important hallmark for this collection is the possibility to choose between two different sizes of armrest, one it's 6" thick and one it's 10" thick. The two alternatives in the armrest width allow different options of esthetic configurations. Pouf in different sizes complete the system. Irving offers the possibility to choose between two backrest versions: with rectangular backrests (type "A") or with backrest-cushions (type B 22"x21" cushions) in a predefined quantity. Irving is also available in the "BASE" version (without backrest cushions) to be equipped and completed with backrest cushions selected among those

available in the collection. Frame made of solid and plywood, padded with non-deformable expanded polyurethane of differentiated density, and sprung with interwoven elastic belts. Cotton lining coupled with polyester fiber. Bridge-shaped feet in bronzed painted aluminum cast as standard, or in polished aluminum cast upon request.

## Product Attributes
