## Product Description

Soft, enveloping shapes characterize this family of upholstered pieces. Julep is influenced by the 1950s Avant-Garde movement, drawing upon its simplicity and grandeur, refined by a contemporary, romantic, feminine allure. The star of the series is the sofa, whose generous rounded lines provided evolutionary DNA for the entire collection in an interplay of proportions and shapes that gave rise, little by little, to all the other versions. Fully upholstered, the seats look ample and full, yet convey a sense of lightness, thanks to the recessed base that invisibly lifts them off the floor. Designed for

home decor, their inviting appeal encourages cozy comfort and relaxation, making the Julep seating options also ideally suited to contract venues. Internal frame: poplar and birch plywood 18 mm thick, with elastic belts. Padding: differentiated density polyurethane foam. Base: poplar multilayer wood 3 mm thick covered with the same fabric of the product. Upholstery: non-removable cover. The collection includes: sofa, ottoman, chaise lounge, and armchair. Hand made in Italy. Awards: Muuz International Awards 2018

## Product Attributes
