

Karl Stool

Product Categories: [Bar Height](#), [Counter](#), [Stools](#)

Product Page: <https://propertyfurniture.com/product/karl-stool/>

Product Description

Karl is a set of stools with 4 tubular steel legs, available in 3 different heights. It is ideal for furnishing a variety of interiors including residential spaces and contract areas. Karl, designed by Luca Nichetto, is a tribute to Karl Lagerfeld, or rather to his collars. In fact, the curved wood structure of the stool recalls one of the distinctive traits of the iconic independent creator, a collar. The structure is available in wood faced with natural oak veneer or upholstered in fabric. The frame is available with a chrome-plated or a black or white epoxy lacquer finish.
