

Kime Extending Table

Product Categories: [Tables](#)

Product Page: <https://propertyfurniture.com/product/kime-extending-table/>

Product Description

A lightness of format, discretion and elegance. To satisfy all those who look for the practicality of the extending table top without forsaking a modern design.

Kime is an extending table with painted white or matt anthracite grey metal legs. The table top is in extra-light glass (painted white or acid-treated white), acid-treated black glass or in white or anthracite grey laminated Doluflex®. Thanks to a simple lateral sliding movement of the legs and of one or two Doluflex® extensions, the length of the table top can be increased easily, while retaining the ultimate stability.
