Product Description

The Kwelga Swing Chair is a new product from the outdoor/indoor collections. The nest-like construction is open and airy yet private for those who want to see and be seen but also be able to retreat into their own personal floating world. Great for any size space and built to withstand the elements. No cushion required or included for that matter. Not intended for a max weight of 250 lbs. Installation by a professional suggested. Handmade in Canada.
