Product Description

Lamina stool, characterized by the cozy hug of the backrest which embraces the soft frame. Both the chair and the stool are upholstered in emery-leather. Made with a steel frame and form a single whole that merges the backrest with the legs, is the distinguishing feature of the Lamina chair designed by Mauro Lipparini. The structural stability of the entire shaped panel is ensured by the horizontal seat surface that secures and stabilizes the two side edges of the chair. Hand Made in Italy.
