

Little P Light

Product Categories: [Lighting](#), [Table](#)

Product Page: <https://propertyfurniture.com/product/little-p-light/>

Product Description

LITTLE P provides the perfect ambient lighting for entrance areas, living spaces, and bedrooms alike. Its shade and base are made of a single piece of multi-layered, hand-glued real-wood veneer. LITTLE P is available in either natural, clear-lacquered oak or open-grained oak in a choice of matt paint colors, from subtle to neon. It is fitted with a LED light and a braided cable in black, gray or red for a touch of color. The switch and plug are black. Alone or as a pair, LITTLE P is all about clarity and consistency.

Light source: warm (2800 - 3200 Kelvin); enclosure rating: IP 21; Lumens: 250 - 290 in
