Product Description

The Marenco Lounge Chair features a revolutionary system to assemble seat and armrest cushions to the base. The cushions are simply put into a metal tubular frame which grants rigidity and resistance to the use of the lounge chair. Base in multi-layer plywood. Backrests and armrests: main structure in painted tubular metal. Each element (back, seat, arm) is padded and covered singularly. Padding in stress-resistant differentiated density polyurethane foam and fiber cover. The Collection includes: Armchair and Sofa. Designed in 1970. Hand Made in Italy.
