## Product Description

Mass Table, the table designed by Alain Gilles to celebrate Bonaldo's eightieth anniversary, marks a break with the traditional archetype of the table consisting of a solid and imposing base. Indeed, in this case, the base becomes a light-weight component, while the wooden tabletop takes up more visual space. Thus, the end result is a table with a strong yet gentle personality, which remains rooted in traditions while at the same time pleasing a more modern taste. The base is available in painted metal. Base available with upcharge in metal finish or matte bronze or matte lead

painted metal. The top is available in solid wood, glass, ceramic, or marble. Made in Italy.
