### Product Description

Space Copenhagen is the designer behind the classic Moon collection; a series of organic rounded tables for both domestic and public spaces. The interplay between the beautiful solid oak table top and the smooth half - or full moon shaped base, with beveled surface, creates a simple yet strong identity of the design. The result is an elegant table series with clear references to traditional Danish carpentry. Through their fascination with the contrast between variations of surfaces and finishes, Space Copenhagen has designed their first table collection for GUBI. Oval dining table made with veneer top and matt or glossy oil finish. Collection includes a side table, coffee table, and dining tables.
