Product Description

My Chair is a simple, all-around stackable chair in a timeless design. With this chair, the designer Nicholai Wiig Hansen has reinterpreted the classic shell chair and added a striking elegance and harmony. The rounded corners and curved waist counterbalance the rigorous design of the chair and give it a warm and welcoming feel. My Chair consists of a shell made in molded walnut, oak, smoked oak or birch veneer with a clear lacquer or in a painted ash veneer version. Comes with legs in chrome, powder coated steel or molded walnut, oak, smoked oak or birch veneer. The rubber pieces between the shell and the legs, as well as the plastic parts underneath the ends of the legs, are specially designed for My Chair. Stackable - up to 6 pcs. The chair is delivered assembled. Load Capacity: 330 pounds. The collection includes: wood seat and leg chair, wood seat and steel legs, fully upholstered or front upholstered, lounge chair stool version. Designed in 2013. Handmade in Lithuania.
