Product Description

The Nina chair is characterized by the sculptured and minimal design. The balanced proportions, defined by the soft curving of the upholstered backrest and by the linearity of the frontal metal structure, makes this chair an object able to be placed side by side and to communicate pleasantly and elegantly both with a dining and office table as well as in a conference room. Chair with structure made of curved multilayer wood with foam rubber padding, upholstered with fabric, velvet or soft-leather. The base is in brass. The backrest is available in two different heights. Please inquire for size and finish customizations. Hand made in Italy.
