Product Description

Simple geometric shapes for the Note sideboard designed by Mario Mazzer, which looks like a parallelepiped suspended in mid-air and supported by two slanted vertical beams, which are the distinguishing feature of the Note bookcase already conceived by the same designer for Bonaldo. These two beams emphasize the particular appeal of this product, which aims at being simple yet maintaining a strong and original personality. Interior shelves have a maximum capacity of 33 pounds per shelf. The Collection includes: sideboard and shelving. Made in Italy.
