Product Description

A series of tables with four legs and round with three legs in tubular satinated stainless steel. Top in hollowed MDF with internal metal reinforcement bars or top in solid chestnut wood with natural finish effect; this last one could show knots, little worm-holes and tonality shades characteristic of the material. The laser working

process of the stainless steel guarantees maximum precision in cutting and perforation. The non oxidizability of the stainless steel gives a high resistance to wear and to corrosion.
