Product Description

Elementary shapes that detect an intrinsic sweetness, with a welcoming design. The abundant and soft volumes of the headrest blend in with the simple and essential lines of the bed frame, for an impressive result. The softness of two large cushions that are linked to the headrest thanks to a padded roller, complete a well-proportioned design. The bed has a central bar and supports that can be adjusted in height for the bed base, these supports allow the height of the bed base and mattress to be varied by 4.5". Fabric and leather cover fully removable. Decorative piping available for fabric upholstery. Mattress not included. Made in Italy.
