Product Description

Sebastian Herkner's distinctively tall, skinny side table series pina is inspired by the abstract turns and twists of the famous Pina Bausch dance theatre. The basic figurine with base, rod, and top, all made of casted glass, shines in different combinations of green, corn yellow, aqua blue, light grey, and transparent. The side tables are produced from the casted glass with rods from brass and steel. Please Note: Bubbles, streaks, and other variations in size and color are part of the production process and not defects of the design or production. Handmade in Germany. Designed in

2020.
