Product Description

Now the iconic Shadows collection by Lucie Koldova and Dan Yeffet is ready to illuminate exterior settings. Shadows is a take on the famed, timeless lights found in French ateliers, and its typology pays tribute to that legacy. Identical in appearance to the original Shadows, the new collection complies with the IP54 rating for exterior use: the handmade wooden body used in the indoor lights has been replaced with a two-piece weatherproof dural body, its subtle form and finish accentuated by a recessed LED light source. Special integrated connectors developed to make it easy to install

the lights in large sets as well as maintain and clean them. The precision craftsmanship of master glassblowers gives the lights a distinctive, unequaled character and quality. The shades are made from multiple layers of molten glass, each of which is given careful attention before being blown into the mold. The indoor version is available in two sizes.

Light Bulb Included: 6.5W 2700K.

Handmade in the Czech Republic.

Product Attributes

Dimensions: Individual Pendants: 15.5"Diam. x 9"H, 15"Diam. x 7"H, 22"Diam. x 8"H, 6"Diam. x 8"H.
