

## Spokes 1 Suspension Light

**Product Categories:** [Lighting](#), [Suspension](#)

**Product Page:** <https://propertyfurniture.com/product/spokes-1-suspension-light/>

### Product Description

The hanging lamp Spokes was inspired by images of antique oriental lanterns and less exotic aviaries. The designers observed the spokes of a bicycle wheel and this is what gave the lamp its name. The result is soft shapes and a lightweight lamp which holds the light allowing it to filter out into the room. The lightweight quality of the project combines with the solidity of its forms in varnished aluminum and steel rods and the practicality of its LED light source. UL listed. Available in three sizes. Quick Ship available. Made in Italy.

Light Bulb: LED 1 x 40W 2700°K dimmable (Included)

### Product Attributes

**Dimensions:** Spokes 1: 12.75"Diam. x 28"H
