

Tilda Barstool

Product Categories: [Stools](#)

Product Page: <https://propertyfurniture.com/product/tilda-barstool/>

Product Description

A round steel profile creates a frame shaped like parentheses for the elegant Tilda Barstool. The seat is made of naturally tanned leather that is processed manually. The leather provides a striking contrast to the shining metallic surface of the frame, which is available in black or brass. Tilda Barstool can be used both on a commercial and a private level, in the hotel and catering industry, office and kitchen areas. Due to its delicate but stable manner of construction, this wonderfully comfortable barstool is also extremely light in weight.

Introduced in 2016
