Product Description

U is a collection of tables of various heights and sizes that can be used individually or as part of a set. Their main distinctive feature is a U-shaped support made of bent aluminum. Its soft curves inspired the rounded appearance of the tops, which come in three shapes: square or rectangular with rounded corners, and circular. There are two versions: 100% metal or metal and wood. The sculptural style with minimalist lines means that the U collection is ideal for both the contract market and private homes. Designed in 2019. Handmade in Italy.
