### Product Description

A complete seating system available in a range of structures with a choice of wood, chromed or painted (in the same colors of the seat) metal or steel base. The Vad pays a tribute to the tradition of the Scandinavian masters. The body of the chair, durable and striking, is produced in recyclable reinforced polypropylene by means of injection molding in a single block. Suitable for contract and domestic environments. The seat is available also with fabric, leather or full-grain hide. Designed in 2009. Handmade in Italy.
