**Product Categories:** [Seating](#)

### Product Description

This design was originally created as a stand-alone, but now it has given rise to an entire family of circular upholstered pieces, inspired by a sense of movement and an original concept of a "seating island". The curved shape invites the sitter to make a dynamic, informal use of it. Available in the three forms: from the pouf, to the islands, all subdivided into rainbow or tone-on-tone segments. The wooden frame is padded with non-deformable variable-density polyurethane foam, and finished in polyester fibre.
